Winter Worst In 15 Years For Local Area

PEEK A BOO AND A HEAVE HO! Fairmont Police Patrolman C. J. Pugsley is behind that windshield. A city snow plow had to pull his car out of the city's parking lot rear end first, all in anticipation of a record number of cars to be hauled off the streets tonight to facilitate snow removal. Don't get caught, or it will cost two bucks to retrieve your car. "All cars" must be off "all streets" by 11:30. Don't ask us where you can park them.—Guckeen Photo-Engraving.

Heavy snow delights kids

While parents no doubt worried about their cars starting or water pipes freezing — you know those trivial things — there were plenty of area kids who had few cares and were delighted with

the heavy weekend snowstorm. Here Phillip, 8, and Rhonda, 15, Ebert play on the drifts in front of their home at 1108 S. State St. (Sentinel photo by Bob Schroeder.)
