

# WILLIAM BUDD ELEMENTARY SCHOOL

March 25, 1950

**COMMANDING** a beautiful view of Budd Lake is the equally beautiful new William H. Budd school on Albion hill in south Fairmont. Only a few hundred brick and glass block are still to be installed to complete the shell of this building. Mud is slowing this operation. The auditorium is the wing at the far left, and the balance of the building is classrooms.—Guckeen Photo-Engraving.
